LEARNING WITH OTHER EDUCATORS

Professional exchange in practice

An active learning experience built around partnership, practice and reflection.

01

Observe and understand

Join a partner teacher in a local school in Port Vila. Observe classroom approaches and consider how teachers respond to their students, resources and learning environment.

02

Co-teach and share practice

Work alongside your partner teacher through co-teaching. Share your own practice and consider how approaches translate between educational contexts.

03

Prepare and deliver a full-day workshop

As a team, plan and deliver a full day of professional development for local teachers, drawing on the group's combined experience and the needs of the local school community. Share practical strategies and engage in professional dialogue with local educators.

04

Reflect and bring learning home

Evaluate approaches you encounter and consider their relevance to your own setting. Structured reflection and action planning help you identify practical next steps for your teaching.
